

Mindray North America | Charitable Donations

Guidelines and Qualifications

- Mindray may provide support for a bona fide charitable donation when the purpose of the donation is to benefit society, promote better healthcare, demonstrate good corporate citizenship, or serve a genuine educational function.
- All donation requests should include the following:
 - A description of the mission of the organization.
 - A description of the purpose for the charitable contribution. The requestor must submit a budget, detailed description of how the funds will be used and the charitable purpose of the request. This should include support sought from other entities.
 - The name and address of the contact for the organization to whom questions should be addressed and to whom the charitable contribution should be sent, if approved.
 - The Federal tax ID number of the payee.
 - A list of the organization's affiliated entities and a description of each affiliation.
 - Proof of 501(c)(3) status of the organization to receive the charitable contribution.
 - A completed W-9 form for the organization to receive the charitable contribution.
- Mindray will not fund charitable donations that are:
 - Connected to Mindray products or otherwise intended to fund Mindray business activities and purposes.
 - Wholly a payment in return for items, services or other benefits received from the requestor or requestor organization.
 - Implicitly or explicitly linked to an agreement of a healthcare provider or healthcare organization customer to purchase, use, order, recommend, or make referrals for Mindray's products or used to reward past purchases, uses, orders, recommendations, or referrals.
 - Unreasonable in light of the amount of other previous donations to the requestor or recipient for other charitable activities during the prior twelve months.
 - Provided to a person or organization excluded from participation in Medicare, Medicaid or other federal healthcare programs by the Department of Health and Human Service's Office of Inspector General or barred from federal contracting by the General Services Administration/System for Award Management.
 - Provided to a person or organization debarred or disqualified by the Food and Drug
 - Provided to a person or organization identified on the U.S. State Department's Terrorist Exclusions List or the U.S. Treasury Department's list of Specially Designated National or Block Persons.
